

A warm welcome from Rex Marine Center, Inc. and the other fine boating-related businesses sharing our marina complex.

You will find that all of the boating-related services you will ever need are offered on our property. Following are opportunities for Rex Marine Center Inc. to be of service. You will also find pricing & other information very useful to Rex Marine customers at **www.RexMarine.com**.

1. **Rex Dockage, Valet Rack Storage, and Winter Storage Sales and Administration**
Summer storage customers have first-refusal rights for winter storage when you indicate your intentions on our storage application. As all of our boat storage normally sells-out, often months in advance, it is recommended that you make your plans early by completing the storage application at www.rexmarine.com, or submitting it fax, mail, or in-person.
