

March 24, 2022

Dear Valet Rack Service (VRS) boaters,

Spring is here, and a new season of Boating on the Sound is nearly upon us!

As VRS is closed Easter Sunday when Easter falls during VRS season, it made sense this year to shift the season slightly and open Valet Rack Service Monday April 18, the day after Easter.

We have extended our regular VRS season beyond our normal October 15<sup>th</sup> closing date, thru Monday October 17<sup>th</sup>, providing a full weekend of Fall boating and fishing.

Your Boat Cloud access info to request launches and hauling remains the same, please contact [denise@rexmarine.com](mailto:denise@rexmarine.com) or 203.866.5555 if you have questions. If you are new to Boat Cloud, contact Denise to gain access to Boat Cloud.

We publish the VRS User Guide and additional VRS info at [www.rexmarine.com](http://www.rexmarine.com), be sure to review this to enable you to best enjoy our VRS.

If your boat is not winter-stored at Rex, you may arrange an appointment to have your boat unloaded while you wait for VRS service starting Monday April 18, the courtesy rate for this service is \$5/ft. Contact [service@rexmarine.com](mailto:service@rexmarine.com) to make your unloading appointment, **this service is Monday through noon on Friday only**. If trailer storage is necessary, please contact [denise@rexmarine.com](mailto:denise@rexmarine.com) for pricing.

Regretfully, we cannot accommodate arrivals by land prior to April 18, unless you have a confirmed appointment with Rex Service prior to have your boat prepared for the season.

As a reminder, if you plan to have Rex Marine prepare your boat for the new season, be sure to make arrangements TODAY if you have not done so already, as many popular completion weeks are now fully booked, and very soon all dates before Memorial Day will be fully booked as well. Contact [Service@rexmarine.com](mailto:Service@rexmarine.com) or call 203.831.5234 without delay.
