Rex Service Terms & Conditions For Spring Service

My signature below indicates I have read and accept the Rex Policy Statements listed below

- * IT IS THE OWNER'S RESPONSIBILITY TO INSTALL DRAIN PLUG BEFORE LAUNCHING OF TRAILER BOATS.
- * Existing balances must be paid in full before Rex will commission my boat.
- * Commissioning work orders should be submitted as soon as possible. Commissioning reservations are assigned on a first come first served basis. We work hard to honor your selected completion date. However, delays are not uncommon due to events beyond our control. Unforeseeable problems requiring unexpected and additional labor hours or parts availability can delay commissioning. Poor weather can also delay work that is dependent upon dry and /or warmer temperatures.
- * Winter Storage Contract expires April 15th. Boats and trailers not staying at Rex this summer and without a spring work order must be removed or pay storage thereafter. Completed boats not staying at Rex for the summer, must be removed within 3 days of completion of work or storage will apply. If you will not be able to remove your boat within 3 days from completion, please notify Rex Service prior to the date service is scheduled to begin.
- * Rex must have a set of keys available before scheduled work can begin, so leave a key (or cabin combination) at the Service Office. A \$75.00 charge will be added if keys are not supplied and work is delayed.
- * Lines & fenders of appropriate length and size must be on board for launch and will be supplied and charged to my work order if necessary.
- * Shore power electrical cord is needed prior to launch if boat is equipped.
- * Rex Marine is not responsible for missing/damaged personal property.
- * An express mechanics lien is hereby acknowledged on my boat and /or equipment to secure the amount of repairs thereto.
- * Materials, sales tax, subcontract and a 1.50% environmental compliance charge are extra and will be applied accordingly.
- * I hereby authorize the work to be done with necessary material and grant Rex Marine permission to operate the boat and its systems for the purpose of testing and inspection.

Commissioning Services 2024

Prices below are labor only, (unless otherwise noted). Materials, sales tax, subcontract and a 1.50% environmental compliance charge are extra and will be applied accordingly. ***Work orders for commissioning and/or other services will be billed as work progresses and may be partially billed over several months time.***

<input type="checkbox"/> Yes, Please commission engine as detailed below: Check fluid levels, top off as necessary, inspect drive belts & hoses, start & run motor engine dockside, in test tank or on a flush attachment, check for satisfactory flow of cooling water, visually check gauges and verify normal gear shifting, throttle operation, steering and trim. Clean & connect battery terminals with light charging as needed.	
<u>OUTBOARD ENGINE (prices are per engine)</u> <i>All prices below are per engine. Materials are additional</i> <input type="checkbox"/> <u>2.5hp—25hp</u> \$138.00 <input type="checkbox"/> <u>30hp—140hp</u> \$184.00 <input type="checkbox"/> <u>150hp and up</u> \$230.00	<u>STERNDRIVE / INBOARD ENGINE (prices are per engine)</u> <i>All prices below are per engine. Materials are additional</i> <input type="checkbox"/> Gas Sterndrive / Inboard 4—8 Cylinder \$276.00 <input type="checkbox"/> Diesel Sterndrive / Inboard / Volvo IPS 6—8 Cylinder \$276.00 <u>Tune Up / Preventative Maintenance</u> <i>All prices below are per engine. Materials are additional</i> Recommended every 2 to 3 years. Remove and replace spark plugs and applicable ignition components. Includes full engine commissioning, per operations listed above. Replace IAC filter if applicable. Service air intake port / flame arrestor as applicable. <i>(Sea Trial recommended at additional cost).</i> <input type="checkbox"/> <u>4 Cylinder, per engine</u> \$506.00 <input type="checkbox"/> <u>6 Cylinder, per engine</u> \$552.00 <input type="checkbox"/> <u>8 Cylinder, per engine</u> \$598.00 <input type="checkbox"/> <u>Replace Ignition Wires</u> Hourly Rate
<u>Sea Trial</u> A sea trial is required if the engine had a reported performance issue. If none, optional, but recommended to ensure normal performance. During the sea trial, Rex personnel observe and record: temperatures, pressures, charging system operation, engine throttle response, shifting and steering. \$195.00	
<input type="checkbox"/> <u>Replace trim tab or transom anodes (zincs), (if applicable)</u> Hourly Rate <input type="checkbox"/> <u>Replace engine power head anodes (zincs) where applicable (if not done in fall decommissioning)</u> Hourly Rate <input type="checkbox"/> <u>Replace Primary Fuel Filters</u> (if not done in fall decommissioning) Hourly Rate \$46 — \$92.00 Average <input type="checkbox"/> <u>Diagnostic Scan Code Check / Code Reset</u> Most engines made after year 2000. Highly recommended annually. Can often diagnose impending engine problems not yet apparent. <i>(In conjunction with sea trial, tune up or commissioning)</i> \$92.00 <input type="checkbox"/> <u>Commission fresh water systems</u> S/M/L (4 fixtures & less / 5—8 fixtures / 9 fixtures & above) \$138.00 / \$230.00 / \$368.00 <input type="checkbox"/> <u>Commission Salt Water Systems</u> 4 fixtures & less / 5 fixtures or more \$138.00 / \$230.00 <input type="checkbox"/> <u>Commission generator</u> (in conjunction with engine commissioning) \$138.00 <input type="checkbox"/> <u>Commission air conditioner</u> (per unit) \$92.00 <input type="checkbox"/> <u>Basic systems check</u> navigation lights, bilge pump auto & manual functions, blower & horn. <i>(repairs at additional cost)</i> \$46.00	

****(Diagnostics, corrosion & access issues may require additional time and parts. Sea trial required verify some repairs & enable diagnostics).***
